

# DIRECT VIEW LED VIDEO WALLS

## KNOWLEDGE BASE

### WHAT IS IT?

Unilumin is the leading Direct View LED Video Wall Manufacturer in the world – providing complete Indoor/Outdoor LED Solutions for Digital Signage, Retail, Broadcast, Video Conferencing, Executive Boardrooms, Sports Stadiums, Sportsbooks, Artistic/Architectural, and Control Rooms. Available in front or rear service options, convex or concave curves; provides flexibility, easy to install, operate, and maintain. The UPanelS mechanical design provides the capability to mount directly onto a load bearing flat wall without the need of a high-cost 3rd party custom mount solution. Rated at 100k+ hours, you are guaranteed a longer life expectancy than that of traditional Flat Panel displays or DLP projection technologies typically used in large format video wall arrays.

### Questions

1. Are you in the market for a direct view LED video wall solution?
2. Are you looking for a seamless display technology?
3. How important is color and brightness uniformity to you?
4. Are you looking for a display technology with a life expectancy of 10+ years?
5. Do you require a display technology with a small form factor and "ADA Compliant"?
6. Are you looking for a "mission critical" 24/7 display solution with redundancy options?
