

HIGH QUALITY PROJECTION SCREEN SOLUTIONS

KNOWLEDGE BASE

WHAT IS IT?

Draper is the second largest manufacturer of projection screens in the world. Draper's projection screen product offering includes over 60 different models, ranging from tiny table-top screens to extremely large screens for performing arts venues and arenas. Whether you need a wall mounted, ceiling mounted, ceiling recessed, tab-tensioned or non-tab tensioned projection screen, Draper has the right screen for your application. Draper also offers: Lifts for Video Projectors and Flatscreens, as well as Custom Mounts.

DRAPER SOLUTION INCLUDED

Manufacturing premium projector screens takes deep knowledge. We've been doing it since 1957 and have continually upped our game: we've invested millions of dollars on specialized production and testing equipment and in-depth employee training to produce high quality, high performing solutions.

We provide a wide range of motorized, manual, fixed, and portable screens for front and rear projection. Small spaces, huge venues, brightly-lit conference centers, residential home theatres, mission-critical control centers, and medical imaging—whatever installation or ambient environment challenges you face, we have a solution.

QUESTIONS

1. What kind of screen?
2. How will this be installed?
3. What is the application?
4. How will this screen be controlled?
5. What is the aspect ratio?
6. Which projection surface?
7. Any customizations needed (ex. top drop, acoustical fabric, case color)?
8. Projector lumen output?
9. Throw distance?
10. Ambient light?
