

AUDIO & VISUAL CAPTURE SOLUTIONS

KNOWLEDGE BASE

WHAT IS IT?

Epiphan Video produces world-class, award-winning audio visual solutions to capture, scale, mix, encode, stream, record and play high resolution video including 4K UHD. Epiphan customers include organizations that specialize in live event production, education, healthcare, worship, manufacturing, usability, collaboration, security and transportation. Epiphan's field-proven product line includes live video production and video streaming systems, external USB-based video grabbers for capturing video and graphics from DVI, HDMI™, SDI and VGA sources and internal video capture cards. Epiphan products are designed in North America and backed by rock-solid technical support. Epiphan Video is a trade name of Epiphan Systems Inc., a privately owned company incorporated in 2003. Epiphan is based in Palo Alto, California, USA and Ottawa, Ontario, Canada with regional offices and a network of authorized channel partners and OEMs throughout the world.
