

IP VIDEO & DIGITAL SIGNAGE TECHNOLOGY

KNOWLEDGE BASE

WHAT IS IT?

Exterity is a market leading provider of IP video and digital signage technology that helps organizations harness the power of video to communicate, educate and entertain. Exterity end-to-end solutions enable you to capture TV/video content directly from any source and manage its delivery, as channels or within digital signage screens, to any connected device via your existing network. From corporate, finance and education, to hospitality, remote facilities, stadiums and healthcare. Exterity has global expertise in delivering complex, ProAV solutions.

Questions

1. What types of live content would you like to make viewable to your users?
2. Is this broadcast television or your own events?
3. Do you have an existing digital signage platform?
4. Do you need to make video content available on computers and television?
5. How important is security of the content?
6. What other devices do you want to view on?
7. Do you need to be able to manage what content your viewers can see?
8. Do you need to be able to record live events or live TV?
9. How many live video sources do you need?
10. Do you want to play back pre-recorded content?
11. Do you want to stream to other buildings or network?
