INNOVATIVE PRODUCT IDEAS THAT EMPOWER CREATORS OF ALL LEVELS

KNOWLEDGE BASE

WHAT IS IT?

Based in Los Angeles, we have filmmakers, photographers, musicians, and artists all right here in our own backyard, giving us front row seats to unlimited, unleashed creativity. We feed off of that creativity and channel it into innovative product ideas that empower creators of all levels.

We believe the world is filled with artists, innovators and creative minds whose voices need to be heard - sans background noise or blurry shots - and that everyone should have access to high quality products at accessible prices.

That's why we're always exploring, always tinkering and always listening to the creative community around us to build incredible video, audio, and photography gear that takes your work to the next level (without draining your bank account).
