## VIDEO PRODUCTS AND COMPONENTS FOR THE BROADCAST & MEDIA SOLUTIONS

### KNOWLEDGE BASE

#### WHAT IS IT?

Matrox Video is a leading manufacturer of video products and components for the broadcast and media, live entertainment, and AV/IT markets. Our mission is to create innovative products and provide superior support, enabling our customers to harness the power of video to entertain, communicate and make critical decisions.

For more than 45 years, we have worked closely with our global partners to develop products that address business challenges and meet evolving needs. Still today, our continued commitment to the success of our customers and partners is what drives us to deliver innovation that solves real-world industry problems.

Matrox hardware and software products are deployed across a diverse range of industries, including broadcast and media, education, enterprise, government, houses of worship, medical, military and defense, process control and utilities, security, and transportation. Our product offerings span encoders and decoders, KVM extenders, video wall controllers, and broadcast developer products. Matrox is also a trusted supplier of some of the world's leading OEMs, offering a broad product and intellectual property (IP) portfolio to help solution providers accelerate product development, customization, and time to market.
